### 2007 Cat On Highway Engines

At the Mid-America Trucking Show, Cat announced it will be offering the C7, C9, C13 and C15 engines in 2007. The entire lineup will be available to order beginning in the fourth quarter of 2006. "The new engine line demonstrates that Caterpillar continues to deliver on the promises made when ACERT technology was first introduced," said Greg Gauger, director, Caterpillar on-highway power systems.

Caterpillar first started manufacturing the C15 in 1999, and didn't stop making it until 2007. Keep in mind that this article is about the single-turbo C15s, and not the ACERTs (though look out for that one in the future!). The C15s, especially the early ones, are known to be good and reliable engines.
