Whether you want a professional look for your livestreams or simply to look better on your next video chat, one of the best options is to use a dedicated camera with excellent video specs—such as your Nikon mirrorless or DSLR. Since you likely already have the camera and a compatible USB cable, it seems like an easy way to improve your video calls.

How to Use Your Nikon Camera as a Webcam | B&H Explora

The D3000 shares the same 10 million pixel CCD sensor as the D60, and almost exactly the same body and design, but this camera is more than a cosmetic revamp of the older model. Crucially, the D60's adequate but uninspiring 3-point AF system is gone, replaced by the same 11-point system as found in the D90.
