### Better Homes and Gardens 20" Expressions Wall Clock ...

Write simple expressions that record calculations with numbers, and interpret numerical expressions without evaluating them. For example, express the calculation "add 8 and 7, then multiply by 2" as  $2 \times (8 + 7)$ . Recognize that  $3 \times (18932 + 921)$  is three times as large as  $18932 + 921$ , without having to calculate the indicated sum or product.

### Numerical Expressions Worksheet (5.OA.2) by Quinessential ...

A Numerical Expression is an expression that consists of numbers and one or more operations. Teacher will place several phrases in a paper bag and ask for volunteers to pull a card. The students will read the expression out loud and write the numerical expression on the board. Teacher will ask students if the answer is correct by a show of hands.
