The World and Other Places: Stories: Winterson, Jeanette

...

The World and Other Places is Winterson's first collection, and I was incredibly interested to see how the genre suited her writing style. There are a lot of different styles at play here; we have fairytale-esque shorts, those told from the perspective of men, stories set within imagined vistas, and real world slices of life to name but a few.

The World and Other Places is a collection of short stories by Jeanette Winterson O.B.E in the style of postmodernism. Some of the contained short stories have been previously published in well known publications, such as The New Yorker. Winterson, like other postmodernists, plays with her words so they carry multiple layers and interpretation.

The World and Other Places - Wikipedia

About The World and Other Places With language as dazzling as the wondrous visionary landscapes they evoke, these seventeen works transport the reader to worlds in which sleep is illegal, the lives of lonely department store clerks are transformed by fairies, the rich wear coal jewelry on an island of diamonds, and the living laminate their dead.

Sharr White's *The Other Place* (2011, 2013) starts in St. Thomas, then shuttles back and forth between there and Cape Cod. Juliana, a brilliant scientist in her early fifties, is giving a lecture --actually a sales pitch-- on a revolutionary protein therapy she has developed and patented called Identamyl. She knows her audience.

The World and Other Places by Jeanette Winterson - an infinity plus review One fine story out of seventeen pieces, most of which resemble the excesses of (hey ho) feasibly talented but as yet hardly promising students at creative-writing evening classes. The strike rate is not bludgeoningly high. *The World and Other Places*
