### Think Think English English The

Depending on your level, right now you might first think of what you want to say in your native language, and then translate it into English. By thinking in English first, you won't have to translate—which will help you become more fluent in English. When you think in English (without translating), this also helps you internalize the language. When you internalize information, it means you learn it so well that you no longer need to think about it.

The English people are an ethnic group and a nation native to England, who speak the English language of the Indo-European language family and share a common history and culture. The English identity is of early medieval origin, when they were known in Old English as the Angelcynn ('family of the Angles'). Their ethnonym is derived from the Angles, one of the Germanic peoples who migrated to ...

### English people - Wikipedia

English is an Indo-European language and belongs to the West Germanic group of the Germanic languages. Old English originated from a Germanic tribal and linguistic continuum along the Frisian North Sea coast, whose languages gradually evolved into the Anglic languages in the British Isles, and into the Frisian languages and Low German/Low Saxon on the continent.
